NOTE FOR: Deputy Director of Central Intelligence  
FROM: Dave Gries  
SUBJECT: Reserve for Contingencies/Calls on Senators

1. It is now time to call on Leahy. This will not be easy;

25X1

-Call on Leahy alone                      yes \_\_\_\_\_ no \_\_\_\_\_  
-Call on Leahy with me                    yes ✓                      no \_\_\_\_\_  
-Instruct me to call on Leahy            yes \_\_\_\_\_ no \_\_\_\_\_

2. In deciding you should remember that I know Leahy quite well and can easily make the call for you. You are developing a fresh and constructive relationship with him and may not want to start with this issue. In any case, Leahy probably cannot be shaken from opposition to us.

3. We have made an appointment for the DCI with Bentsen and are awaiting word from Nunn and Hollings. I am seeing Murkowski tomorrow for a long delayed courtesy call, will raise the Reserve issue and advise you afterwards if we need to approach him further. I will also call on Hatch, Hecht and McConnell as stated in the attachment. This leaves Roth and Specter. Let's regroup on them later.

4. Bradley apparently left the White House meeting still unconvinced of our case. If you have no objection, I would like to talk to him about it during a meeting that will also deal with his China trip.    yes ✓                      no \_\_\_\_\_
